

## **Uranium Mining**

by Charmaine White Face  
Defenders,

Our Informational Meeting on the Riley Pass Abandoned Uranium Mine in the North Cave Hills in Northwestern South Dakota went well this past weekend.

We have some new sites to get the word out specifically about the uranium mines, abandoned and new.

Check out:

[www.silkwoodproject.com](http://www.silkwoodproject.com)

[www.heyokamagazine.com](http://www.heyokamagazine.com)

and <http://spaces.msn.com/uraniummine/>

Kudos and our deepest gratitude to Harold One Feather and John LeKay for all their volunteer work in getting these together.

Also at [spaces.msn.com/uraniummine/](http://spaces.msn.com/uraniummine/)? Harold is going to put the Defenders video about the destruction in the Black Hills.? Anyone wishing a copy of the 12 min. CD, please email us your request. We can make video copies too at \$7 for the costs to make the copy.? It's done very well and was put together by Chris Hollis, Seventh Generation Fund.

Thanks also to those who responded to the call to help KILI Radio station.? They still have a long way to go but each dollar helps.

Reminder: Defenders of the Black Hills Bear Butte Land Trust Fund, %Wells Fargo Bank, 825 St. Joseph St., Rapid City, SD 57701.  
Still have a long way to go.

Thanks for all you do to help our Maka Unci Ina (Grandmother-Mother Earth).

Charmaine White Face, Coordinator
